

AN ACT revising the law addressing meetings of public bodies and amending P.L.2002, c.91 and amending and supplementing P.L.1975, c.231.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. Section 2 of P.L.1975, c.231 (C.10:4-7) is amended to read as follows:

2. The Legislature finds and declares that the right of the public to be present at all meetings of public bodies, and to witness in full detail all phases of the deliberation, policy formulation, and decision making of public bodies, is vital to the enhancement and proper functioning of the democratic process; that secrecy in public affairs fosters the risk of corruption and official misconduct, undermines the faith of the public in government and the public's effectiveness in fulfilling its role in a democratic society, and hereby declares it to be the public policy of this State to insure the right of its citizens to have adequate advance notice of and the right to attend, and to review the minutes and recordings of, all meetings of public bodies at which any business affecting the public is discussed or acted upon in any way except only in those circumstances where otherwise the public interest would be clearly endangered or the personal privacy or guaranteed rights of individuals would be clearly in danger of unwarranted invasion.

The Legislature further declares it to be the public policy of this State to insure that the aforesaid rights are implemented pursuant to the provisions of this act so that no confusion, misconstructions or misinterpretations may thwart the purposes hereof.

The Legislature, therefore, declares that it is the understanding and the intention of the Legislature that in order to be covered by the provisions of this act a public body must be organized by law and be collectively empowered as a multi-member voting body to spend public funds or affect persons' rights; that, therefore, informal or purely advisory bodies with no effective authority are not covered, nor are groupings composed of a public official with subordinates or advisors, who are not empowered to act by vote such as a mayor or the Governor meeting with department heads or cabinet members, that specific exemptions are provided for the Judiciary, parole bodies, the State Commission of Investigation, the Apportionment Commission and political party organization; that to be covered by the provisions of this act a meeting must be open to all the public body's members, and the members present must intend to discuss or act on the public body's business, except that a subcommittee of a public body may be subject to certain of the act's provisions that address minutes of meetings; and therefore, typical partisan caucus meetings and chance encounters of members of

2. Section 3 of P.L.1975, c.231 (C.10:4-8) is amended to read as follows:

3. As used in this act:

a. "Public body" means a commission, authority, board, council, committee or any other group of two or more persons organized under the laws of this State, and collectively empowered as a voting body to perform a public governmental function affecting the rights, duties, obligations, privileges, benefits, or other legal relations of any person, or collectively authorized to spend public funds including the Legislature, but does not mean or include the judicial branch of the government, any grand or petit jury, any parole board or any agency or body acting in a parole capacity, the State Commission of Investigation, the Apportionment Commission established under Article IV, Section III, of the Constitution, or any political party committee organized under Title 19 of the Revised Statutes. "Public body" also means, but is not limited to, an independent authority, redevelopment entity, or improvement authority, as well as any quasi-governmental agency. "Public body" also means, but is not limited to, the New Jersey League of Municipalities, the New Jersey Association of Counties, the New Jersey State Interscholastic Athletic Association, the New Jersey School Boards Association, the New Jersey Network Foundation, the Educational Information and Resource Center, and any joint insurance fund established by two or more public bodies.

b. "Meeting" means and includes any gathering whether corporeal or by means of communication equipment, which is attended by, or open to, all of the members of a public body, held with the intent, on the part of the members of the body present, to discuss or act as a unit upon the specific public business of that body. Meeting does not mean or include any such gathering (1) attended by less than [an effective majority of the members of] a quorum of a public body, or (2) attended by or open to all the members of three or more similar public bodies at a convention or similar gathering.

c. "Public business" means and includes all matters which relate in any way, directly or indirectly, to the performance of the public body's functions or the conduct of its business.

d. "Adequate notice" means written advance notice of at least 48 hours, excluding weekends and State holidays, giving the time, date, location and [, to the extent known,] the agenda of any regular, special or rescheduled meeting, which notice shall accurately state whether formal action may or may not be taken and which shall be (1) prominently posted on the public body's Internet site, if the public body has established an Internet site, and in at least one public place reserved for such or similar announcements,

(2) mailed, telephoned, [telegraphed] faxed, mailed electronically, or hand delivered to at least two newspapers which newspapers shall be designated by the public body to receive such notices because they have the greatest likelihood of informing the public within the area of jurisdiction of the public body of such meetings, one of which shall be the official newspaper, where any such has been designated by the public body or if the public body has failed to so designate, where any has been designated by the governing body of the political subdivision whose geographic boundaries are coextensive with that of the public body and (3) filed with the clerk of the municipality when the public body's geographic boundaries are coextensive with that of a single municipality, with the clerk of the county when the public body's geographic boundaries are coextensive with that of a single county, and with the Secretary of State if the public body has Statewide jurisdiction. For any other public body the filing shall be with the clerk or chief administrative officer of such other public body and each municipal or county clerk of each municipality or county encompassed within the jurisdiction of such public body. Where annual notice or revisions thereof in compliance with section 13 of this act set forth the location of any meeting, no further notice shall be required for such meeting, except for notice pertaining to agendas and formal action on the public body's Internet site, if the body has established an Internet site, and posting in at least one public place reserved for such or similar announcements. Notice shall not be considered "adequate notice" within the meaning of this subsection unless it includes the estimated starting time, as nearly so as can be established, for the public portion of any meeting.

e. "Agenda" means the list of all items of business to be discussed or voted on at a public meeting. For purposes of providing adequate notice, agendas shall include each individual item to be discussed or acted upon, and a brief description thereof, and shall identify the names of the parties to and approximate dollar amounts of any contracts, including employment contracts, to be discussed or acted upon. No public body shall act upon a matter that is not listed on the agenda for which notice was given 48 hours, excluding weekends and State holidays, prior to the meeting unless the conditions listed in subsection b. of section 4 of P.L.1975, c.231 (C.10:4-9) exist. However, a public body may discuss at a meeting, but not act upon, any matter not listed on the agenda which is brought to the committee's attention by any member of the public. In addition, a public body, upon the affirmative vote of three-quarters of the members present at a meeting, may add an item to the agenda for that meeting provided that the minutes contain a statement of the reason for adding that item to the agenda, except that the Legislature may add an item to its agenda at any time.

f. "Subcommittee" means any subordinate committee of a public body, except the Legislature, regardless of size or label that

is formally created by a public body and comprised of less than a quorum of that public body.

g. “Quasi-governmental agency” means any association, commission, agency, authority, organization, public-private entity, or any other entity, in which one or more public agencies exercise substantial control as evidenced by whether the public agency, as defined in section 1 of P.L.1995, c.23 (C.47:1A-1.1), maintains the ability to review, approve, or reject the quasi-governmental agency’s proposals or plans, holds a beneficial interest in the quasi-governmental agency’s assets, is the primary source of funding of, or is indebted to, or is a creditor of, or guarantor of the debts of, the quasi-governmental agency.

h. “Quorum” means a majority of the membership of a public body or of a subcommittee.

(cf: P.L.1981, c.176, s.2)

3. Section 4 of P.L.1975, c.231 (C.10:4-9) is amended to read as follows:

4. a. Except as provided by subsection b. of this section, or for any meeting limited only to consideration of items listed in section 7. b. no public body, or subcommittee thereof, shall hold a meeting unless adequate notice thereof has been provided to the public.

b. Upon the affirmative vote of three quarters of the members present a public body may hold a meeting notwithstanding the failure to provide adequate notice if:

(1) such meeting is required in order to deal with matters of such urgency and importance that a delay for the purpose of providing adequate notice would be likely to result in substantial harm to the public interest; and

(2) the meeting is limited to discussion of and acting with respect to such matters of urgency and importance; and

(3) notice of such meeting is provided as soon as possible following the calling of such meeting by posting written notice of the same on the public body’s Internet site, if the public body has established an Internet site and in the public place described in section 3. d. above, and also by notifying the two newspapers described in section 3. d. by telephone, [telegram,] fax machine, electronic mail, or by delivering a written notice of same to such newspapers; and

(4) [either (a)] the public body could not reasonably have foreseen the need for such meeting at a time when adequate notice could have been provided [; or (b) although the public body could reasonably have foreseen the need for such meeting at a time when adequate notice could have been provided, it nevertheless failed to do so].

(cf: P.L.1975, c.231, s.4)

4. Section 1 of P.L.2002, c.91 (C.10:4-9.1) is amended to read as follows:

1. In addition to the notice requirements of the "Open Public Meetings Act," P.L.1975, c.231 (C.10:4-6 et seq.), a public body [may] shall provide electronic notice of any meeting of the public body through the Internet, if the public body maintains an Internet site or pages on an Internet site.

As used in this section, "electronic notice" means advance notice available to the public via electronic transmission of at least 48 hours, excluding weekends and State holidays, giving the time, date, location and [, to the extent known,] the agenda of any regular, special or rescheduled meeting, which notice shall accurately state whether formal action may or may not be taken at such meeting.

As used in this section, "Internet" means the international computer network of both federal and non-federal interoperable packet switched data networks.

(cf: P.L.2002, c.91, s.1)

5. Section 7 of P.L.1975, c.231 (C.10:4-12) is amended to read as follows:

7. a. Except as provided by subsection b. of this section all meetings of public bodies shall be open to the public at all times. Except for communications that are purely administrative in nature, no member of a public body, other than the Legislature, during any meeting of that public body to which the public is admitted, shall communicate privately, by any means, with any other member of the public body about any matter on the agenda for that meeting and no member shall communicate privately with any other person, other than staff, about any matter on the agenda for that meeting by means of communication equipment, including electronic mail, instant messaging or similar technologies. Nothing in this act shall be construed to limit the discretion of a public body to permit, prohibit or regulate the active participation of the public at any meeting, except that a [municipal governing] public body [and a board of education] , other than the Legislature, shall be required to set aside [a portion] two portions of every meeting of the [municipal governing] public body [or board of education, the length of the portion to be determined by the municipal governing body or board of education,] for public comment: prior to consideration of items on the agenda to be finally approved by the public body at the meeting in question, with such comments being limited to the matter at hand; and on any governmental [or school district] issue that a member of the public feels may be of concern to the [residents of the municipality or school district] public body. Each such member of the public shall be allowed to speak for at least three minutes. A public body, other than the Legislature, may require members of the public to sign in before speaking, but only if signing in is permitted up to the start of the comment period and is limited to providing the person's name and municipality of

residence. Items that constitute a consent agenda agreed to be the public body shall be deemed to be a single matter. A public body may provide that all public comment permitted by this subsection shall take place at the end of a meeting as long as public comment on a matter on which the public body is taking final action occurs prior to that action being taken. A public body, other than the Legislature, shall permit all proceedings of any public meeting to be recorded, photographed, audiotaped, videotaped, broadcast or recorded for broadcast by any member of the public or news organization, subject only to such reasonable rules as the public body may adopt prior to the meeting to minimize undue disruption to its meetings.

b. A public body may exclude the public only from that portion of a meeting at which the public body discusses:

(1) Any matter which, by express provision of federal law or State statute or rule of court shall be rendered confidential or excluded from the provisions of subsection a. of this section.

(2) Any matter in which the release of information would legally impair a right to receive funds from the Government of the United States.

(3) Any material the disclosure of which constitutes an unwarranted invasion of individual privacy such as any records, data, reports, recommendations, or other personal material of any educational, training, social service, medical, health, custodial, child protection, rehabilitation, legal defense, welfare, housing, relocation, insurance and similar program or institution operated by a public body pertaining to any specific individual admitted to or served by such institution or program, including but not limited to information relative to the individual's personal and family circumstances, and any material pertaining to admission, discharge, treatment, progress or condition of any individual, unless the individual concerned (or, in the case of a minor or incompetent, his guardian) shall request in writing that the same be disclosed publicly.

(4) Any collective bargaining agreement, or the terms and conditions which are proposed for inclusion in any collective bargaining agreement, including the negotiation of the terms and conditions thereof with employees or representatives of employees of the public body.

(5) Any matter involving the purchase, lease or acquisition of real property with public funds, the setting of banking rates or investment of public funds, where [it] public discussion could adversely affect the public interest if discussion of such matters were disclosed.

(6) Any tactics and techniques utilized in protecting the safety and property of the public, provided that their disclosure could impair such protection. Any investigations of violations or [possible] probable violations of the law.

(7) Any [pending or anticipated litigation or contract negotiation] consultation with legal counsel concerning the legal rights and duties of the public body with regard to current litigation or litigation likely to be filed in which the public body is, or is likely to become, a party, or concerning current or anticipated contract negotiations, other than in subsection b. (4) herein in which the public body is, or may become a party.

Any matters falling within the attorney-client privilege, to the extent that confidentiality is required in order for the attorney to exercise his ethical duties as a lawyer.

(8) [Any] Upon written notice to the individual employee or employees whose case or cases are to be discussed, any matter involving the employment, appointment, termination of employment, [terms and conditions of employment,] evaluation of the performance of, promotion or disciplining of any specific prospective public officer or employee or current public officer or employee employed or appointed by the public body [, unless all the individual employees or appointees whose rights could be adversely affected request in writing that such matter or matters be discussed at a public meeting]. Public bodies shall give written notice of at least two business days to any officer or employee in advance of any proposed meeting at which his or her termination, hiring, promotion or discipline may be discussed and the matter or matters pertaining to him or her shall be discussed in closed session unless the employee, as well as every other known employee or officer whose termination, hiring, promotion or discipline would unavoidably have to be disclosed in the discussion, requests in writing that the matter or matters be discussed in open session.

(9) Any deliberations of a public body occurring after a public hearing that may result in the imposition of a specific civil penalty upon the responding party or the suspension or loss of a license or permit belonging to the responding party as a result of an act or omission for which the responding party bears responsibility.

c. The grounds for exclusion of the public set forth in subsection b. of this section shall be construed strictly to minimize instances in which meetings or portions of meetings are closed to the public. The public may not be excluded from a public body's discussion of actual contracts or final contracts.

(cf: P.L.2008, c.14, s.1)

6. Section 8 of P.L.1975, c.231 (C.10:4-13) is amended to read as follows:

8. No public body shall exclude the public from any meeting to discuss any matter described in subsection 7. b. until the public body shall first adopt a resolution, at a meeting to which the public shall be admitted:

a. Stating as specifically as possible the [general] nature of the subject to be discussed and the specific basis for excluding the public; and

b. Stating as precisely as possible, the time when and the circumstances under which the discussion conducted in closed session of the public body can be disclosed to the public.

(cf: P.L.1975, c.231, s.8)

7. Section 9 of P.L.1975, c.231 (C.10:4-14) is amended to read as follows:

9. The Legislature shall keep reasonably comprehensible minutes of all its meetings showing the time and place, the members present, the subjects considered, the actions taken, the vote of each member, and any other information required to be shown in the minutes by law, which, shall be promptly available to the public to the extent that making such matters public shall not be inconsistent with section 7 of P.L.1975, c.231 (C.10:4-12). Each public body and any subcommittee of a public body, other than the Legislature, shall keep reasonably comprehensible minutes of all its meetings, including any portion of a meeting from which the public was excluded pursuant to section 7 of P.L.1975, c.231 (C.10:4-12), showing, at a minimum, the time and place, the members present, the subjects considered, the actions taken, including all motions made, the identities of the moving and seconding members, the vote of each member and each member's stated reasons, if any, for his or her action or vote, the identity of each member of the public who spoke and a summary of what was said, and any other information required to be shown in the minutes by law [, which] . Minutes shall be made available to the public as soon as possible but no later than 45 days after the meeting to the extent that making such matters public shall not be inconsistent with section 7 of P.L.1975, c.231 (C.10:4-12). Each public body, other than the Legislature, that possesses sound recording devices that are available and functioning shall cause to be recorded by those sound recording devices all meetings of that public body, including any emergency meeting held pursuant to section 4 of P.L.1975, c.231 (C.10:4-9), but not including closed portions of a meeting, and shall maintain possession of the recordings for a period of time to be determined by the State Records Committee to permit their use in litigation, to enforce the provisions of P.L.1975, c.231 (C.10:4-6 et seq.), or for public access. However, all recordings made by a public body of meetings or portions of meetings closed pursuant to subsection b. of section 7 of P.L.1975, c.231 (C.10:4-12) shall be deemed confidential and not a public record, except that a court of competent jurisdiction may determine that disclosure is necessary or proper for the enforcement of the laws of this or another state of the United States. The minutes of a meeting of a public body, other than the Legislature, shall include any electronic communication among members of a public body, constituting a

quorum thereof, that does not address a purely administrative matter, and which communication is otherwise consistent with the definition of “meeting” in section 3 of P.L.1975, c.231 (C.10:4-8). Such electronic communications between members of a public body shall be accessible to the public as soon as practicable after the communication takes place.

b. Any party, including any member of the public, may institute a proceeding in lieu of prerogative writ in the Superior Court to challenge any action taken by a public body on the grounds that such action is void for the reasons stated in subsection a. of this section, and if the court shall find that the action was taken at a meeting which does not conform to the provisions of this act, the court shall declare such action void. Any party, other than a public body, that prevails in an action brought pursuant to this section, and demonstrates a pattern of violations by a public body, shall be awarded the amount of reasonable attorney’s fees incurred in bringing the action. STATEMENT

This bill revises the “Senator Byron M. Baer Open Public Meetings Act,” N.J.S.A.10:4-6 et seq., to provide greater public access to meetings of public bodies and to information about those meetings.

Specifically, the bill:

amends the findings and declarations section of the current law to express the Legislature’s belief that secrecy in public affairs increases the risk of corruption and official misconduct, to make it clear that the public has a right to review the minutes and recordings of all meetings of public bodies, and to provide that a meeting of a subcommittee of a public body, other than the Legislature, may be subject to certain of the act’s provisions;

provides that independent authorities, redevelopment entities and improvement authorities are subject to the act’s provisions;
