To: John Paff <paff@pobox.com>

It was properly filed and we are considering the complaint. We have a meeting on December 2nd to discuss whether the Board will pursue the matter further or not.

Have you received a copy of the letter from the Mayor's attorney asking that the matter be removed to the State Department of Community Affairs?

The Edison Ethics Board does not believe that it should be moved as we are an established Commission.

Please let me know if you have any other questions.

Thank you,

Michelle Kasperski
