PURPOSE: EMS Contract Negotiations

Business administrator updated council with ongoing EMS negotiations. EMS department is in deficit approximately \$400,000. To \$600,000. And with cost rising, the deficit amount will continue to rise. At this point the City must take the necessary steps to be able to provide EMS services for our residents. However these services must be cost efficient and offer quality services. After ample consideration the city finds it will be in the best interest of the taxpayers to privatize EMS services. Other Municipalities have done it and has worked successfully in all aspects.

Respectfully submitted,

Amada D. Curling  
City Clerk
