RE: Paff v. Cape May County Prosecutor's Office
Docket No. ATL-L-265-14

Dear Dave:

I recently spoke to Doreen Corino, Esquire, who advised that your client appeared before the Borough of Wildwood Crest Commission on February 18, 2015 and made various public comments on the record relating to matters of municipal concern. During those comments, it is my understanding that Mr. Hawthorne displayed various documents that may relate to those documents recently submitted by the Prosecutor's Office and the Borough to Judge Johnson for *in camera* review and/or read or referred to portions of such documents.

I have requested a copy of the CD of the Borough's meetings so that I can hear Mr. Hawthorne's comments for myself. I write at this time just to ask that you discuss these matters with your client and remind him that these documents are under the Court's jurisdiction. I believe Judge Johnson was clear about preventing public disclosure of these documents until he has ruled on their status. Mr. Hawthorne should be guided accordingly.

Thanks for your continued cooperation and courtesies.

Very truly yours,

James B. Arsenault, Jr.
County Counsel
