RE: Complaint against the Bridgeton Municipal Prosecutor

Dear Mr. Paff:

I have reviewed your letter dated April 1, 2010 regarding the above-captioned matter. I have also discussed this issue with members of my staff. As a result, I have prepared a Memorandum on this subject and have caused it to be sent to all Cumberland County Municipal Prosecutors. A copy of this Memorandum is enclosed for your ready reference. It is my belief that this approach will address your general concerns over the downgrading of charges.

With regard to the specific examples pertaining to the Bridgeton municipal prosecutor, my office has been in contact with the City Solicitor for the City of Bridgeton. That office is also aware of your concerns and has taken steps to see that new problems do not arise.

I trust these actions on the part of my office will help lessen the concerns of your organization. Thank you for bringing this matter to our attention.

Very truly yours,

**Jennifer Webb-McRae

It has come to the attention of this office that some municipal prosecutor's may be engaging in improperly downgrading certain criminal or traffic offenses to municipal ordinance violations. I refer you to the attached directive from former New Jersey Attorney General Peter Verniero which addresses this practice. Our research has determined that this directive is still in effect. I ask that all Cumberland County Municipal Prosecutors make every effort to obey this directive and avoid improper downgrades. Kindly direct any questions or concerns you may have to Assistant County Prosecutor John Grunow at the telephone number listed above. His direct extension is 3381.

Re: Plea Agreements in Municipal Courts

Dear Municipal Prosecutor:

I have been advised that there is an increasingly widespread practice developing in municipal court where municipal prosecutors are downgrading criminal or traffic offenses from State statutes to municipal ordinance violations where State law has pre-empted the field. For reasons expressed below, this practice should be discontinued immediately.

According to information my office has received regarding this downgrade plea agreement procedure, defendants, in some cases, are assessed fines greater than permitted by State statute. An incentive for some defendants to accept this plea agreement with its increased fines is the fact that the defendants are informed that if they accept the plea offer they will avoid the imposition of other statutory penalties or administrative actions, such as motor vehicle points, *N.J.A.C. 13:19-10 et seq.*, and administrative license supervision, *N.J.A.C. 13:19-11 et seq.*

In most cases, State law has pre-empted the field, thus precluding the municipality from enacting an ordinance that provides for a sanction proscribing certain conduct. Our courts have defined the circumstances when State law pre-empted the authority of a municipality to enact such a municipal ordinance. The essential factors are:

1. Does the ordinance conflict with the state law, either because of conflicting policies, or operation effect, that is, does the ordinance forbid what the Legislature has permitted?
2. Was the state law intended expressly or impliedly to be exclusive in the field?

3. Does the subject matter reflect a need for uniformity?
4. Is the State scheme so pervasive or comprehensive that it precludes coexistence of municipal regulation?
5. Does the ordinance stand as an obstacle to the accomplishment and execution of the full purposes and objectives of the Legislature?

Overlook Terrace Management Corp. v. West New York Rent Control Bd., 71 N.J. 451, 460-462 (1976). See also *State v. Crawley*, 90 N.J. 241, 248, 250 (1982); *Summer v. Teaneck Twp.*, 53 N.J. 548, 554-55 (1969); *State v. Ulesky*, 54 N.J. 26, 29 (1959); *Kennedy v. Newark*, 29 N.J. 178 (1959).

If a municipal prosecutor has concerns whether State law has pre-empted a particular area of the law, the municipal prosecutor should discuss the matter with the County Prosecutor's Office or with the Prosecutors and Police Bureau within the Division of Criminal Justice. The municipal prosecutor, as an officer of the court, cannot simply ignore this obligation. The failure of the municipal prosecutor to take appropriate action in these matters may result in disciplinary action and possible sanction by the State Supreme Court. See *In the Matter of Norton and Kress*, 128 N.J. 520 (1992); *In the Matter of Segal*, 140 N.J. 468 (1992).

In addition, there must be a nexus between the original charge and the new charge. The factual basis for the plea must establish that the elements of the offense have been committed by the defendant. Pursuant to R 7:6-2, a factual basis for a plea must be placed on the record. It is the responsibility of the prosecutor to establish this factual basis on the record. In addition, the prosecutor must state on the record the reasons for the downgraded plea agreement. *State v. Taylor*, 80 N.J. 353, 361-62, 403 A.2d 889 (1979); *State v. Sainz*, 107 N.J. 283, 293 (1987).

The responsibility of offering a plea agreement rests exclusively with the prosecutor. This is not a function of a court. In no case should a blanket plea offer be distributed or mailed to all defendants by either the court or the municipal prosecutor. It is important for the prosecutor to keep in mind that a "prosecutor is not an ordinary advocate. Rather, the prosecutor has an obligation to defendants, the State and the public to see that justice is done" [Comment, *Guidelines for Operation of Plea Agreements in the Municipal Courts of New Jersey*, Appendix to Part VII court Rules. Guideline].

Pursuant to the provisions of the Criminal Justice Act of 1970, *N.J.S.A.* 52:17B-112, and the provisions of *N.J.S.A.* 2B:12-27, I direct that each of you adhere to the provisions of this letter. Thank you for your continued cooperation.

Sincerely yours,

Peter Verniero
Attorney General
