residence?

A Yes.

Q Were you giving them permission to enter the home with the key by you saying you're sending Sophia over with the key?

Q Well, what was your -- do you understand my question?

A Yes.

Q Why were you going to send Sophia over with a key?

A Because they asked for the key and I know in a situation like this, they can bust my door down. So I told my daughter to go in and tell the kids to get out and talk to the police.

Q All right. The last part, so you wanted Sophia to go in the house?

A To go in the house, the kids are inside the house which I think they were because nobody else would be, to get them the hell out of the house and go talk to the police.

Q Okay. Did you tell Officer Pharo that, that you were going have Sophia bring Vasilio and Katerina or whoever was inside the house out of the home?

A No, we didn't get to that point. When he told me

have her bring me the key, I said okay.

Q So what was your understanding of the conversation with regard to what was going to occur?

That Sophia would go, get in the house and get them out of the house to talk to the cops because they wanted to talk to them.

Q Okay. So did you expect that the police would enter into the home?

A) No.

Q What did you expect to happen?

A I expect they would get what they wanted and would not go inside my house and ruin, turn the house upside down. And I know what happens when there are SWAT teams, they bust down everything when they have a warrant.

Q Well, you said SWAT team. How do you know there was a SWAT team there?

A Because the officer told me that this happened in Ocean Township and the police were there or they were coming there and there was the SWAT team was there or that they were on their way to the house.

Q All right. So you were under the impression that there was a SWAT team either there or on the way to the house?

Correct.
